

Issues in Phonological Typology @ UiT

Draft programme — 22 October 2025

LOCATION. Fakultet for Humaniora, Samfunnsvitenskap og Lærerutdanning, room E0103 (talks) and the mezzanine between B and D wing (posters).

Schedule

Thursday 27 November

Time	Session
09:00–09:15	Welcome
09:15–10:00	Birgit Alber & Nick Kalivoda <i>An exploration of grammatical adjacency</i>
10:00–10:45	Eirini Apostolopoulou <i>Coda inventories and typological variation in Italo-Greek</i>
10:45–11:15	Coffee Break
11:15–12:00	Jahnavi Narkar <i>A probabilistic model of stop inventory typology</i>
12:00–12:45	Michael Dow <i>A clustering analysis of nasal vs. oral vowel inventories</i>
12:45–14:00	Lunch
14:00–14:45	Roland Noske <i>Typological evolutionary paths</i>
14:45–15:30	Alan Avdagic & Håvard Weiberg Johansen <i>The evolution of vertical vowel systems</i>
15:30–16:00	Coffee Break
16:00–17:00	Invited Talk: Joachim Kokkelmans <i>Obstruent inventories: gaps, universals and simulations</i>

Friday 28 November

Time	Session
09:15–10:00	Martin Krämer & Draga Žec <i>A typology of syllabic consonants: how variable is their vocalic nature?</i>
10:00–10:45	Ryan Chon <i>Invoking typology to account for phonological asymmetries in Yuhup and Hup</i>
10:45–11:15	Coffee Break
11:15–12:00	Péter Őri <i>Phonological vs. phonetic typologies of laryngeal systems</i>
12:00–12:45	Ruben Roberto Peralta Rivera <i>Gradient Integration of Anglicisms in Bilingual Speech: A Phonetic-Typological Approach</i>
12:45–14:00	Lunch
14:00–14:45	Jenna Conklin & Martin Krämer <i>Challenges and Advantages in Using Artificial Grammar Learning to Expand Natural Typologies</i>
14:45–16:00	Poster Session & Coffee Letizia Cerqueglini <i>Exploring the Prosody-Morphology Interface: A Typological Assessment of Mutallat Arabic Pausal Forms</i> Pratikshya Guru <i>Experimental Method in understanding Empty Nuclei and Rhymal Coda</i> Alireza Jaferian <i>A typological tool for marginal consonant clusters</i> Giorgos Markopoulos & Anthi Revithiadou <i>Lexical stress with gradient Theme prominence: A typological perspective</i> Elena Perekhvalskaya & Valentin Vydrin <i>Tonal density index as a yardstick to the functional load of tone</i> Valentin Vydrin & Kirill Maslinsky <i>Towards a typology of tone</i> Andrew Wedel <i>Chain Shifts and Transphonologizations are Driven by Homophony Avoidance</i>
16:00–17:00	Invited Talk: Sara Finley <i>Teasing apart learning and processing biases in phonological typology</i>
17:00–17:30	Wrap-up
17:30–	Workshop Dinner, exact time and place to be announced.
